Attention Residents,

This communication is to inform the residents of the Harmony Community Development District about the upcoming Osceola County Road and Bridge Department roadway resurfacing project. The Osceola County Road and Bridge Department will be resurfacing the roadway on Five Oaks Drive from Cat Brier Trail to Harmony Square Drive East during the hours of 7:00 a.m. – 5:00 p.m. This project is tentatively scheduled for Thursday September 21st and will take approximately three shifts.

The Osceola County Road and Bridge Department will also place this information on their message boards that are being placed on the roadway. This project includes the parking stalls so the Osceola County Road and Bridge Department request that residents park elsewhere during this time. Any help would be greatly appreciated.

In advance thank you for your cooperation.

Lynn Hayes
