INDEPENDENT AUDITOR'S REPORT

To the Board of Supervisors
Harmony Community Development District
Osceola County, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Harmony Community Development District, Osceola County, Florida (the "District") as of and for the fiscal year ended September 30, 2012, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the District's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and the significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the District as of September 30, 2012, and the respective changes in financial position thereof for the fiscal year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated May 22, 2013, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, agreements, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary comparison information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

May 22, 2013

MANAGEMENT'S DISCUSSION AND ANALYSIS

Our discussion and analysis of Harmony Community Development District, Osceola County, Florida's ("District") financial performance provides a narrative overview of the District's financial activities for the fiscal year ended September 30, 2012. Please read it in conjunction with the District's Independent Auditor's Report, basic financial statements, accompanying notes and supplementary information to the basic financial statements.

FINANCIAL HIGHLIGHTS

- The liabilities of the District exceeded its assets at the close of the most recent fiscal year resulting in a deficit net asset balance of \$(10,520,133).
- The change in the District's total net assets in comparison with the prior fiscal year was \$240,050, an increase. The key components of the District's net assets and change in net assets are reflected in the table in the government-wide financial statements analysis section.
- At September 30, 2012, the District's governmental funds reported combined ending fund balances of \$3,908,503, an increase of \$21,675 in comparison with the prior year. Of the total fund balance, a portion is nonspendable for prepaid items and deposits, restricted for debt service and capital projects, assigned for operating reserves, renewal and replacement and insurance, and the remainder is unassigned fund balance which is available for spending at the District's discretion.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis are intended to serve as the introduction to the District's basic financial statements. The District's basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

1) Government-Wide Financial Statements

The government-wide financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of activities presents information showing how the government's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The government-wide financial statements include all governmental activities that are principally supported by special assessment revenues. The District does not have any business-type activities. The governmental activities of the District include the general government (management), physical environment (maintenance) and parks and recreation functions.

2) Fund Financial Statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The District, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. The District has one fund category: governmental funds.

OVERVIEW OF FINANCIAL STATEMENTS (Continued)

2) Fund Financial Statements (Continued)

Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balance provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The District currently maintains four individual governmental funds for external reporting. Information is presented separately in the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances for the general, debt service 2001, debt service 2004, and capital projects 2004 funds. All of the funds are considered to be major funds.

The District adopts an annual appropriated budget for its general fund. A budgetary comparison schedule has been provided for the general fund to demonstrate compliance with the budget.

3) Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data included in the government-wide and fund financial statements.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of an entity's financial position. In the case of the District, liabilities exceeded assets at the close of the most recent fiscal year.

A portion of the District's net assets reflects its investment in capital assets (e.g. land, land improvements and infrastructure); less any related debt used to acquire those assets that is still outstanding. These assets are used to provide services to residents; consequently, these assets are not available for future spending. Although the District's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

The restricted portion of the District's net assets represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets may be used to meet the District's other obligations.

GOVERNMENT-WIDE FINANCIAL ANALYSIS (Continued)

Key components of the District's net assets are reflected in the following table:

NET ASSETS SEPTEMBER 30,		
	2012	2011
Assets, excluding capital assets	\$ 4,812,084	\$ 4,535,161
Capital assets, net of depreciation	15,091,289	15,485,337
Total assets	<u>19,903,373</u>	<u>20,020,498</u>
Liabilities, excluding long-term liabilities	1,273,506	1,030,681
Long-term liabilities	29,150,000	29,750,000
Total liabilities	<u>30,423,506</u>	<u>30,780,681</u>
Net Assets		
Invested in capital assets, net of related debt	(13,531,067)	(13,715,922)
Restricted for debt service	2,283,829	2,301,272
Unrestricted	727,105	654,467
Total net assets (deficit)	<u>\$ (10,520,133)</u>	<u>\$ (10,760,183)</u>

The District's net assets increased during the most recent fiscal year. The majority of the increase represents the degree to which ongoing revenues exceeded the cost of operations, including depreciation, and interest on the District's long-term debt.

Key elements of the change in net assets are reflected in the following table:

CHANGES IN NET ASSETS FOR THE FISCAL YEAR ENDED SEPTEMBER 30,		
	2012	2011
Revenues:		
Program revenues	\$ 4,211,491	\$ 4,265,587
General revenues	12,866	5,749
Total revenues	<u>4,224,357</u>	<u>4,271,336</u>
Expenses:		
General government	201,603	185,315
Maintenance and operations	1,538,236	1,546,921
Parks and recreation	158,168	158,581
Interest	2,086,300	2,128,031
Total expenses	<u>3,984,307</u>	<u>4,018,848</u>
Change in net assets	240,050	252,488
Net assets (deficit), beginning	(10,760,183)	(11,012,671)
Net assets (deficit), ending	<u>\$ (10,520,133)</u>	<u>\$ (10,760,183)</u>

As noted above and in the statement of activities, the cost of all governmental activities during the fiscal year ended September 30, 2012 was \$3,984,307. The costs of the District's activities were primarily funded by program revenues. Program revenues are comprised primarily of assessments. The majority of the decrease in program revenues is the result of a decrease in prepaid assessment revenues. In total, expenses decreased from the prior fiscal year. The majority of the change in expenses results from a decrease in irrigation maintenance and repairs and interest expense. Based on the amortization schedules of the Bonds, as the balance outstanding of the Bonds decreases over time, the portion of each debt service payment allocated to principal increases accordingly thereby decreasing the amount allocated to interest.

GENERAL BUDGETING HIGHLIGHTS

An operating budget was adopted and maintained by the governing board for the District pursuant to the requirements of Florida Statutes. The budget is adopted using the same basis of accounting that is used in preparation of the fund financial statements. The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed budgeted appropriations for the fiscal year ended September 30, 2012.

The variance between budgeted and actual general fund revenues for the 2012 fiscal year is as a result of lot owners not taking advantage of the discounts, resulting in higher than anticipated revenues. Also, miscellaneous revenues were higher than anticipated. The actual general fund expenditures for the current year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At September 30, 2012, the District had \$17,406,043 invested in land, land improvements, infrastructure, recreation areas and facilities, and equipment for its governmental activities. In the government-wide financial statements depreciation of \$2,314,754 has been taken, which resulted in a net book value of \$15,091,289. More detailed information about the District's capital assets is presented in the notes of the financial statements.

Capital Debt

At September 30, 2012, the District had \$29,150,000 in Bonds outstanding for its governmental activities. More detailed information about the District's capital debt is presented in the notes of the financial statements.

ECONOMIC FACTORS AND NEXT YEAR'S BUDGET

During the current fiscal year, the District entered into an agreement with the Developer whereby the District will contribute funds held on deposit in the construction trust account toward an infrastructure improvement project that started soon after the current fiscal year end.

For the subsequent fiscal year, the District anticipates that the cost of the general operations of the District will remain fairly constant.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, land owners, investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the financial resources it manages and the stewardship of the facilities it maintains. **HARMONY COMMUNITY DEVELOPMENT DISTRICT
OSCEOLA COUNTY, FLORIDA
NOTES TO FINANCIAL STATEMENTS**

NOTE 1 – NATURE OF ORGANIZATION AND REPORTING ENTITY

Harmony Community Development District (the "District") was established on February 28, 2000 by the Osceola County, Florida Ordinance No. 00-05 pursuant to the Uniform Community Development District Act of 1980, otherwise known as Chapter 190, Florida Statutes. The Act provides among other things, the power to manage basic services for community development, power to borrow money and issue bonds, and to levy and assess non-ad valorem assessments for the financing and delivery of capital infrastructure.

The District was established for the purpose of managing the acquisition, construction, maintenance, operation and financing of a portion of the infrastructure necessary for community development within the District.

The District is governed by the Board of Supervisors ("Board") which is composed of five members. The Supervisors are elected by qualified electors within the District. To carry out the purpose of the District, the Board of Supervisors of the District exercises all powers granted to the District pursuant to Chapter 190, Florida Statutes. These powers include, but are not limited to:

1. To determine, order, levy, impose, collect, and enforce special assessments.
2. Approve the budget for the ensuing fiscal year submitted to the Board by the District Manager.
3. Exercising control over facilities and properties.
4. Controlling the use of funds generated by the District.
5. Approving the hiring and firing of key personnel.
6. To finance, fund, plan, establish, acquire, construct or reconstruct, enlarge or extend, equip, operate, and maintain District systems, facilities, and basic infrastructure.

The financial statements were prepared in accordance with Governmental Accounting Standards Board ("GASB") Statement 14, and Statement 39, an amendment of GASB Statement 14. Under the provisions of those standards, the financial reporting entity consists of the primary government, organizations for which the District Board of Supervisors is considered to be financially accountable, and other organizations for which the nature and significance of their relationship with the District are such that, if excluded, the financial statements of the District would be considered incomplete or misleading. There are no entities considered to be component units of the District; therefore, the financial statements include only the operations of the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide and fund financial statements.

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the non-fiduciary activities of the primary government. For the most part, the effect of interfund activity has been removed from these statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment is offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include: 1) charges to customers who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment. Operating-type special assessments for maintenance and debt service are treated as charges for services, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Other items not included among program revenues are reported instead as *general revenues*.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Assessments are recognized as revenues in the year for which they are levied. Grants and similar items are to be recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures are recorded only when payment is due.

Assessments

Assessments are non-ad valorem assessments on benefited lands within the District. Assessments are imposed and levied to pay for the operations and maintenance by the District of its systems and facilities provided to the property. For debt service, certain amounts are collected at lot closings as advance payments and are used to prepay a portion of the Bonds outstanding. Otherwise, assessments are collected annually to provide funds for the debt service on the portion of the Bonds which are not paid with prepaid assessments. The fiscal year for which annual assessments are levied begins on October 1 with discounts available for payments through February 28 and become delinquent on April 1. The District's annual assessments for operations and debt service are noticed and collected by the County Tax Collector for non-Developer owned parcels or lots. For certain Developer owned acres, parcels or lots the District bills and collects the annual assessments. The amounts remitted to the District are net of applicable discounts or necessary administrative costs reimbursements and collection costs compensation. For assessments billed and collected by the District, there are no discounts to date authorized by the District. In addition, amounts remitted by the County Tax Collector include interest on monies held from the day of collection to the day of distribution.

Assessments and interest associated with the current fiscal period are considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. The portion of assessments receivable due within the current fiscal period is considered to be susceptible to accrual as revenue of the current period. All other revenue items are considered to be measurable and available only when cash is received by the government.

The District reports the following major governmental funds:

General Fund

The general fund is the general operating fund of the District. It is used to account for all financial resources except those required to be accounted for in another fund.

Debt Service Fund 2001

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on the Series 2001 Bonds.

Debt Service Fund 2004

The debt service fund is used to account for the accumulation of resources for the annual payment of principal and interest on the Series 2004 Bonds.

Capital Projects Fund 2004

This fund accounts for the financial resources to be used for the acquisition or construction of major infrastructure within the District.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Measurement Focus, Basis of Accounting and Financial Statement Presentation (Continued)

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements.

When both restricted and unrestricted resources are available for use, it is the government's policy to use restricted resources first for qualifying expenditures, then unrestricted resources as they are needed.

Assets, Liabilities and Net Assets or Equity

Restricted Assets

These assets represent cash and investments set aside pursuant to Bond covenants or other contractual restrictions.

Deposits and Investments

The District's cash and cash equivalents are considered to be cash on hand and demand deposits.

The District has elected to proceed under the Alternative Investment Guidelines as set forth in Section 218.415 (17) Florida Statutes. The District may invest any surplus public funds in the following:

- a) The Local Government Surplus Trust Funds, or any intergovernmental investment pool authorized pursuant to the Florida Interlocal Cooperation Act;
- b) Securities and Exchange Commission registered money market funds with the highest credit quality rating from a nationally recognized rating agency;
- c) Interest bearing time deposits or savings accounts in qualified public depositories;
- d) Direct obligations of the U.S. Treasury.

Securities listed in paragraphs c and d shall be invested to provide sufficient liquidity to pay obligations as they come due. In addition, surplus funds may be deposited into certificates of deposit which are insured and any unspent Bond proceeds are required to be held in investments as specified in the Bond Indenture.

The District records all interest revenue related to investment activities in the respective funds and reports investments at fair value.

Inventories and Prepaid Items

Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased.

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

Capital Assets

Capital assets, which include property, plant and equipment, and infrastructure assets (e.g., roads, sidewalks and similar items) are reported in the governmental activities columns in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of more than \$5,000 (amount not rounded) and an estimated useful life in excess of two years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Assets or Equity (Continued)

Capital Assets (Continued)

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Equipment	10
Infrastructure	15
Recreational facilities	25 - 30

In the governmental fund financial statements, amounts incurred for the acquisition of capital assets are reported as fund expenditures. Depreciation expense is not reported in the governmental fund financial statements.

Deferred Charges

In a prior year, in connection with the issuance of certain debt, the District incurred costs totaling \$633,823. In the government-wide financial statements, that amount has been capitalized and amortized over the estimated life of the Bonds. At September 30, 2012, the District reported accumulated amortization of \$169,016.

Deferred Revenue

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Long-Term Obligations

In the government-wide financial statements long-term debt and other long-term obligations are reported as liabilities in the statement of net assets. Bond premiums and discounts, as well as issuance costs, are deferred and amortized ratably over the life of the Bonds. Bonds payable are reported net of premiums or discounts.

In the fund financial statements, governmental fund types recognize premiums and discounts, as well as issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity/Net Assets

In the fund financial statements, governmental funds report non spendable and restricted fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose. Assignments of fund balance represent tentative management plans that are subject to change.

The District can establish limitations on the use of fund balance as follows:

Committed fund balance – Amounts that can be used only for the specific purposes determined by a formal action (motion) of the Board of Supervisors. Commitments may be changed or lifted only by the Board of Supervisors taking the same formal action (motion) that imposed the constraint originally. Resources accumulated pursuant to stabilization arrangements sometimes are reported in this category.

Assigned fund balance – Includes spendable fund balance amounts that are intended to be used for specific purposes that are neither considered restricted nor committed. Assignments are established by the Board of Supervisors of the District and are generally temporary.

The District first uses committed fund balance, followed by assigned fund balance and then unassigned fund balance when expenditures are incurred for purposes for which amounts in any of the unrestricted fund balance classifications could be used.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Assets, Liabilities and Net Assets or Equity (Continued)

Fund Equity/Net Assets (Continued)

Net assets in the government-wide financial statements are categorized as invested in capital assets, net of related debt, restricted or unrestricted. Invested in capital assets, net of related debt represents net assets related to infrastructure and property, plant and equipment, net of any related debt. Restricted net assets represent the assets restricted by the District's Bond covenants or other contractual restrictions.

Other Disclosures

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenditures during the reporting period. Actual results could differ from those estimates.

NOTE 3 – BUDGETARY INFORMATION

The District is required to establish a budgetary system and an approved Annual Budget. Annual Budgets are adopted on a basis consistent with generally accepted accounting principles for the general fund. All annual appropriations lapse at fiscal year end.

The District follows these procedures in establishing the budgetary data reflected in the financial statements.

- a) Each year the District Manager submits to the District Board a proposed operating budget for the fiscal year commencing the following October 1.
- b) Public hearings are conducted to obtain comments.
- c) Prior to October 1, the budget is legally adopted by the District Board.
- d) All budget changes must be approved by the District Board.
- e) The budgets are adopted on a basis consistent with generally accepted accounting principles.
- f) Unused appropriation for annually budgeted funds lapse at the end of the year.

NOTE 4 – DEPOSITS AND INVESTMENTS

Deposits

The District's cash balances, including the certificate of deposits shown below, were entirely covered by federal depository insurance or by a collateral pool pledged to the State Treasurer. Florida Statutes Chapter 280, "Florida Security for Public Deposits Act", requires all qualified depositories to deposit with the Treasurer or another banking institution eligible collateral equal to various percentages of the average daily balance for each month of all public deposits in excess of any applicable deposit insurance held. The percentage of eligible collateral (generally, U.S. Governmental and agency securities, state or local government debt, or corporate bonds) to public deposits is dependent upon the depository's financial history and its compliance with Chapter 280. In the event of a failure of a qualified public depository, the remaining public depositories would be responsible for covering any resulting losses.

NOTE 4 – DEPOSITS AND INVESTMENTS (Continued)

Investments

The District's investments were held as follows at September 30, 2012:

	Fair Value	Credit Risk	Maturities
US Bank N.A. Int Bearing Commercial Paper	\$ 568,399	S&P A-1+	10/1/2012
Flagstar Bank Certificate of Deposit	65,054	N/A	10/12/2012
US Bank N.A. Int Bearing Commercial Paper	2,232,387	S&P A-1+	2/1/2013
Centerstate Bank Certificate of Deposit	127,778	N/A	7/6/2014
	<u>\$ 2,993,618</u>		

Custodial risk – For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the District will not be able to recover the value of the investments or collateral securities that are in the possession of an outside party. The District has no formal policy for custodial risk. The commercial paper investments are held by the trustee or agent but not in the District's name.

Credit risk – For investments, credit risk is generally the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. Investment ratings by investment type are included in the preceding summary of investments.

Concentration risk – The District places no limit on the amount the District may invest in any one issuer.

Interest rate risk – The District does not have a formal policy that limits investment maturities as a means of managing exposure to fair value losses arising from increasing interest rates.

However, the Bond Indenture limits the type of investments held using unspent proceeds.

NOTE 5 – CAPITAL ASSETS

Total depreciation expense	\$	<u>466,585</u>

During the current fiscal year, the District entered into an agreement with the Developer whereby the District will contribute \$62,000 toward a Park Improvements Project that will commence in the subsequent fiscal year. The District will use the funds held on deposit in the Series 2004 Construction Account. Upon the completion of the project, the Developer will convey to the District all of its right, title and interest in and to the Improvements. As of the report date, the District has not remitted the amount to the Developer.

NOTE 6 – LONG TERM LIABILITIES

Capital Improvement Revenue Bonds Series 2001

On October 9, 2001 the District issued \$17,700,000 of Capital Improvement Revenue Bonds Series 2001, due on May 1, 2032 with a fixed interest rate of 7.25%. Interest is payable semiannually on each May 1 and November 1. Principal is payable on an annual basis commencing May 1, 2003 through May 1, 2032.

The Series 2001 Bonds are subject to redemption at the option of the District prior to their maturity. The Bonds are subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture. This occurred during the fiscal year ended September 30, 2012 as the District collected prepaid assessments from lot owners and prepaid \$30,000 of the Bonds. See Note 12 for additional call amounts subsequent to year end.

The Bond Indenture established a debt service reserve requirement as well as other restrictions and requirements relating principally to the use of proceeds and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with the requirements of the Bond Indenture at September 30, 2012.

The Bond Indenture requires that the District obtain a \$5,000,000 letter of credit which can be utilized by the Trustee in the event that sufficient funds are not available to cover the required debt service payments. The District does not currently have a letter of credit. There is an insurance policy and mortgage security agreement in place through the District's trust account.

Capital Improvement Revenue Bonds Series 2004

On December 10, 2004 the District issued \$15,490,000 of Capital Improvement Revenue Bonds Series 2004, due on May 1, 2036 with a fixed interest rate of 6.75%. Interest is payable semiannually on each May 1 and November 1 commencing May 1, 2006. Principal is payable on an annual basis commencing May 1, 2007.

The Series 2004 Bonds are subject to redemption at the option of the District prior to their maturity. The Bonds are subject to extraordinary mandatory redemption prior to their selected maturity in the manner determined by the Bond Registrar if certain events occurred as outlined in the Bond Indenture.

The Bond Indenture established a debt service reserve requirement as well as certain other restrictions and requirements relating principally to the use of proceeds and the procedures to be followed by the District on assessments to property owners. The District agrees to levy special assessments in annual amounts adequate to provide payment of debt service and to meet the reserve requirements. The District is in compliance with the requirements of the Bond Indenture at September 30, 2012.

NOTE 6 – LONG TERM LIABILITIES (Continued)

Long-term debt activity

Changes in long-term liability activity for the fiscal year ended September 30, 2012 were as follows:

	Beginning Balance	Additions	Reductions	Ending Balance	Due Within One Year
<u>Governmental activities</u>					
Bonds payable:					
Series 2001	\$ 15,150,000	\$ -	\$ 355,000	\$ 14,795,000	\$ 350,000
Series 2004	14,600,000	-	245,000	14,355,000	255,000
Total	\$ 29,750,000	\$ -	\$ 600,000	\$ 29,150,000	\$ 605,000

At September 30, 2012, the scheduled debt service requirements on the long - term debt were as follows:

Year ending September 30:	Governmental Activities		
	Principal	Interest	Total
2013	\$ 605,000	\$ 2,041,600	\$ 2,646,600
2014	650,000	1,999,013	2,649,013
2015	690,000	1,953,263	2,643,263
2016	740,000	1,904,688	2,644,688
2017	795,000	1,852,588	2,647,588
2018 - 2022	4,915,000	8,338,288	13,253,288
2023 - 2027	6,920,000	6,341,838	13,261,838
2028 - 2032	9,675,000	3,537,750	13,212,750
2033 - 2036	4,160,000	725,625	4,885,625
Total	\$ 29,150,000	\$ 28,694,653	\$ 57,844,653

NOTE 7 – DEVELOPER AND RELATED TRANSACTIONS

The Developer (Harmony Development Co., LLC) and related entities own a portion of raw land within the District; therefore, revenues in the general and debt service funds include non ad-valorem assessments billed by the District on lots owned by the Developer and related entities. Developer and related assessment revenue for the fiscal year ended September 30, 2012 totaled \$1,149,509 for the general fund. For debt service, Developer and related assessment revenue for the fiscal year ended September 30, 2012 was \$2,032,779 for both the Series 2001 and 2004 Bonds.

In addition, during the current fiscal year the Developer reimbursed the District \$10,853 for the purchase of a modular play unit for the District.

NOTE 8 – CONCENTRATION

The District's activity is dependent on the continued involvement of the Developer, the loss of which could have a material adverse effect on the District's operations.

NOTE 9 – DEFICIT NET ASSETS

The District has a government-wide net asset deficit balance of (\$10,530,986) as of September 30, 2012. There is no such deficit reflected in the governmental fund statements. In a prior year, certain assets were financed through the issuance of long-term debt but were conveyed to other entities for ownership and maintenance. Those capitals assets are not included in the assets of the District; however, the long-term debt associated with those assets remains a liability of the District.

NOTE 10 - MANAGEMENT COMPANY

The District has contracted with a management company to manage the works of the District, including to perform services such as financial and accounting advisory services. Certain employees of the management company also serve as officers of the District. Under the agreement, the District compensates the management company to manage the works of the District. The management company provides management services, including, but not limited to: management, accounting, financial reporting, computer and other administrative costs.

NOTE 11 – RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District has obtained commercial insurance from independent third parties to mitigate the costs of these risks; coverage may not extend to all situations. Settled claims from these risks have not exceeded commercial insurance coverage over the past three years.

NOTE 12 – SUBSEQUENT EVENTS

Bond Payments

Subsequent to year end, the District prepaid \$20,000 of the Series 2001 Bonds. The prepayment was an extraordinary mandatory redemption as outlined in the Bond Indenture.

Assessments

Subsequent to year end, it was discovered that certain lot owners had not been billed accurately with regard to payoff amounts for the Series 2001 Bonds. As a result, approximately \$16,000 remains outstanding on these lots. The management company has agreed to pay the District the amount during fiscal year 2013.

**HARMONY COMMUNITY DEVELOPMENT DISTRICT
OSCEOLA COUNTY, FLORIDA
NOTES TO REQUIRED SUPPLEMENTARY INFORMATION**

The District is required to establish a budgetary system and an approved Annual Budget for the general fund. The District's budgeting process is based on estimates of cash receipts and cash expenditures which are approved by the Board. The budget approximates a basis consistent with accounting principles generally accepted in the United States of America (generally accepted accounting principles).

The legal level of budgetary control, the level at which expenditures may not exceed budget, is in the aggregate. Any budget amendments that increase the aggregate budgeted appropriations must be approved by the Board of Supervisors. Actual general fund expenditures did not exceed budgeted appropriations for the fiscal year ended September 30, 2012.

The variance between budgeted and actual general fund revenues for the 2012 fiscal year is as a result of lot owners not taking advantage of the discounts, resulting in higher than anticipated revenues. Also, miscellaneous revenues were higher than anticipated. The actual general fund expenditures for the current year were lower than budgeted amounts due primarily to anticipated costs which were not incurred in the current fiscal year.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Supervisors
Harmony Community Development District
Osceola County, Florida

We have audited the financial statements of the governmental activities and each major fund of Harmony Community Development District, Osceola County, Florida ("District") as of and for the fiscal year ended September 30, 2012, which collectively comprise the District's basic financial statements and have issued our report thereon dated May 22, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information of the management, Board of Supervisors of Harmony Community Development District, Osceola County, Florida and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

May 22, 2013

**MANAGEMENT LETTER PURSUANT TO THE RULES OF
THE AUDITOR GENERAL FOR THE STATE OF FLORIDA**

To the Board of Supervisors
Harmony Community Development District
Osceola County, Florida

We have audited the accompanying basic financial statements of Harmony Community Development District, Osceola County, Florida ("District") as of and for the fiscal year ended September 30, 2012, and have issued our report thereon dated May 22, 2013.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, issued by the Comptroller General of the United States; and Chapter 10.550, Rules of the Florida Auditor General. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

In addition, we have issued our Report on Internal Control over Financial Reporting and Compliance and Other Matters based on an audit of the financial statements performed in accordance with *Government Auditing Standards* dated May 22, 2013. Disclosures in that report should be considered in conjunction with this management letter.

The purpose of this letter is to comment on those matters required by Chapter 10.550 of the Rules of the Auditor General for the State of Florida. Accordingly, in connection with our audit of the financial statements of the District, as described in the first paragraph, we report the following:

- I. Current year findings and recommendations.**
- II. Status of prior year findings and recommendations.**
- III. Compliance with the Provisions of the Auditor General of the State of Florida.**

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. This letter is intended for the information and use of the management, Board of Supervisors of Harmony Community Development District, Osceola County, Florida and the Auditor General of the State of Florida and is not intended to be and should not be used by anyone other than these specified parties.

We wish to thank Harmony Community Development District, Osceola County, Florida and the personnel associated with it, for the opportunity to be of service to them in this endeavor as well as future engagements and the courtesies extended to us.

REPORT TO MANAGEMENT

I. CURRENT YEAR FINDINGS AND RECOMMENDATIONS

None

II. PRIOR YEAR FINDINGS AND RECOMMENDATIONS

None

III. COMPLIANCE WITH THE PROVISIONS OF THE AUDITOR GENERAL OF THE STATE OF FLORIDA

Unless otherwise required to be reported in the auditor's report on compliance and internal controls, the management letter shall include, but not be limited to the following:

1. A statement as to whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report.

There were no significant findings and recommendations made in the preceding annual financial audit report for the fiscal year ended September 30, 2011.

2. A statement as to whether or not the local governmental entity complied with Section 218.415, Florida Statutes, regarding the investment of public funds.

The District complied with Section 218.415, Florida Statutes, regarding the investment of public funds.

3. Any recommendations to improve the local governmental entity's financial management.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported for the fiscal year ended September 30, 2012.

4. Violations of provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential.

There were no such matters discovered by, or that came to the attention of, the auditor, to be reported, for the fiscal year ended September 30, 2012.

5. For matters that have an inconsequential effect on the financial statements, considering both quantitative and qualitative factors, the following may be reported based on professional judgment:

- a. Violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse.
- b. Deficiencies in internal control that are not significant deficiencies.

There were no such matters discovered by, or that came to the attention of, the auditor, that, in our judgment, are required to be reported, for the fiscal year ended September 30, 2012.

6. The name or official title and legal authority of the District are disclosed in the notes to the financial statements.

REPORT TO MANAGEMENT (Continued)

7. The financial report filed with the Florida Department of Financial Services pursuant to Section 218.32(1)(a), Florida Statutes agrees with the September 30, 2012 financial audit report.
8. The District has not met one or more of the financial emergency conditions described in Section 218.503(1), Florida Statutes.
9. We applied financial condition assessment procedures pursuant to Rule 10.556(7) and no deteriorating financial conditions were noted. It is management's responsibility to monitor financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by same.
